

## **American Indian and Alaska Native Heritage Month: November 2005**

American Indian and Alaska Native Heritage Month originated in 1915 when the president of the Congress of American Indian Associations issued a proclamation declaring the second Saturday in May of each year as American Indian Day. The first American Indian Day was celebrated in May 1916 in New York. In 1990, President George H.W. Bush signed a joint congressional resolution designating November 1990 as "National American Indian Heritage Month." Similar proclamations have been issued every year since 1994.

### **Population**

#### **4.4 million**

As of July 1, 2004, the estimated population of American Indians and Alaska natives, including those of more than one race. They made up 1.5 percent of the total population.

<<http://www.census.gov/Press-Release/www/releases/archives/population/005164.html>>

#### **687,400**

The American Indian and Alaska native population in California as of July 1, 2004, the highest total of any state in the nation. California was followed by Oklahoma (398,200) and Arizona (322,200). About 6,400 American Indians and Alaska natives were added to Arizona's population between July 1, 2003, and July 1, 2004. That is the largest numeric increase of any state in the nation. Florida and Texas added 5,300 and 4,500, respectively.

#### **About 1 in 5**

The proportion of Alaska's population identified as American Indian and Alaska native as of July 1, 2004, the highest rate for this race group of any state in the nation. Alaska was followed by Oklahoma and New Mexico (11 percent each).

#### **153,500**

The number of American Indians and Alaska natives in Los Angeles County, Calif., as of July 1, 2004. Los Angeles led all the nation's counties in the number of people of this racial category. Maricopa County, Ariz., added about 3,000 people of this group between July 1, 2003, and July 1, 2004. Maricopa led all the nation's counties in this category.
