Subject Re: Mandatory AES FR Vol. 70, No.32, Thursday, February

No final decision has been made. It probably will be more than 10 and far less than 100, with an expectation allowed for bulk and agricultural commodities.

Subject Mandatory AES FR Vol. 70, No.32, Thursday, February 17,
2005

Dear Mr. Monk,

With respect to the above mentioned proposed rule, in section 30.5 a proposed revised postdeparture (formerly Option 4) filing requirement states that "(3) USPPPIs must meet a minimum number of shipments requirement before being authorized to file postdeparture;"

I would like to know what do you have in mind for a minimum number of shipments, 10, 100, 1000 or more a month?

Thank you very much for your assistance in this matter.
