Comment : The NPRM is changing section 30.3(e)(1) to allow the USPPI to prepare and file the EEI on behalf of the FPPI for a routed export transaction when receiving authorization or agreement from the FPPI.

If the USPPI received the authorization or agreement from the FPPI in a routed export transaction as described above, can the USPPI provide POA or written authorization to an agent for the agent to file the EEI on behalf of the USPPI,

Thank you,

Anthony O'Hara
