The Office of Management and Budget (OMB) approval number for the Survey of Residential Building or Zoning Permit Systems is 0607-0094.

We request your participation with the **Survey of Residential Building or Zoning Permit Systems**. The purpose of this survey is to update our list of jurisdictions that issue building or zoning permits for new residential construction. From these jurisdictions, we obtain statistics to produce estimates of construction of new housing units, the largest component of the construction industry. The data are also used to produce population estimates, which are used by government agencies to allocate funding and other resources to your local area and for various planning purposes. Data users rely on your detailed geographic data to monitor growth and develop production and marketing strategies.

Please complete the survey on-line, within 30 days of the postmark stamped on the front of the envelope, using the following information:

We estimate this survey will take an average of 15 minutes to complete. Email comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: eid.rcb.customer.service@census.gov; use EID Survey Comments 0607-0094 as the subject. If your jurisdiction does not issue building or zoning permits, that is all we need to know.

For assistance with completing your survey, please visit us at the website above, or call the Survey Processing Branch at 1-800-845-8249, Monday through Friday, 8:00 a.m. to 5:30 p.m. Eastern time.

Thank you in advance for your time and participation, and for helping the U.S. Census Bureau measure America's people and economy.

Sincerely,

Catherine D. Buffington
