

Growing in Numbers

The Hispanic population reached 62.1 million in 2020, increasing by over 11.6 million in a decade.¹

¹ Data shown includes detailed Hispanic or Latino groups with a population size of 1 million or more in 2020 only, therefore, totals may not add to 62.1 million.
Note: More information is available in [America Counts](https://www.census.gov/america/counts).
