

Figure CH-2.3.4

Percent of children under 18 who live with their mother only

Source: U.S. Census Bureau, Decennial Census 1960, and Current Population Survey, Annual Social and Economic Supplements 1968 to 2022.

Notes: Direct identification of both parents began in 2007, resulting in the ability to identify children living with two unmarried parents. The collection of race and Hispanic origin has changed over time. Before 2003 respondents had to select a single race. People of Hispanic origin may be of any race.
