## National Survey of Children's Health

A study by the U.S. Department of Health and Human Services to better understand the health issues faced by children in the United States today.

The U.S. Census Bureau is required by law to protect your information. The U.S. Census Bureau is not permitted to publicly release your responses in a way that could identify this household. The U.S. Census Bureau is conducting the National Survey of Children's Health on behalf of the Department of Health and Human Services (HHS) under Title 13, U.S.C. Section 8(b), which allows the Census Bureau to conduct surveys on behalf of other agencies. Title 42 U.S.C. Section 701(a)(2) allows HHS to collect information for the purpose of understanding the health and well-being of children in the United States. The data collected under this agreement are confidential under Title 13 U.S.C. Section 9. All access to Title 13 data from this survey is restricted to Census Bureau employees and those holding Census Bureau Special Sworn Status pursuant to 13 U.S.C. Section 23(c).

Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data. Any information you provide will be shared among a limited number of Census Bureau employees and HHS staff with Special Sworn Status for the work-related purposes identified above and as permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) and in accordance with System of Records Notice COMMERCE/CENSUS-3, Demographic Survey Collection (Census Bureau Sampling Frame).

Participation in this survey is voluntary and there are no penalties for refusing to answer questions. However, your cooperation in obtaining this much needed information is extremely important in order to ensure complete and accurate results.

We estimate that completing the second part of the National Survey of Children's Health will take 36 minutes on average. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to ADDP-NSCH.List@census.gov; use "Paperwork Project 0607-0990" as the subject. This collection has been approved by the Office of Management and Budget (OMB). The eight-digit OMB approval number that appears at the upper left of the form confirms this approval. If this number were not displayed, we could not conduct this survey.
