

FOR RELEASE AT 10:00 AM EDT, WEDNESDAY, MAY 26, 2021

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, April 2021

Release Number: CB 21-80 FT-900A (21-04)

May 26, 2021 — The U.S. Census Bureau announced today that preliminary April steel imports were \$2.4 billion (2.4 million metric tons) compared to the preliminary March totals of \$2.0 billion (2.1 million metric tons).

The April change in steel imports based on metric tonnage reflected increases in blooms, billets, and slabs. Decreases occurred in tin plate; hot dipped galvanized sheets and strip; and cold rolled sheets. Increases occurred primarily with Brazil. Decreases occurred primarily with Russia, Canada, and Taiwan.

The year to date final statistics through March 2021 showed steel imports of 6.0 million metric tons compared with 5.8 million metric tons through March 2020. The largest commodity increase occurred primarily in blooms, billets, and slabs. Decreases occurred primarily in oil country goods; hot dipped galvanized sheets and strip; and mechanical tubing. The largest country increases occurred with Canada and Korea. Decreases occurred primarily with Brazil, Spain, and Austria.

The May report is scheduled for release on June 23, 2021. View the full schedule at: <www.census.gov/foreign-trade/reference/release_schedule.html> The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_index.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
