

FOR RELEASE AT 10:00 AM EST, WEDNESDAY, FEBRUARY 26, 2020

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, January 2020

Release Number: CB 20-29 FT-900A (20-01)

February 26, 2020 — The U.S. Census Bureau announced today that preliminary January steel imports were \$2.1 billion (2.8 million metric tons) compared to the preliminary December totals of \$1.4 billion (1.4 million metric tons).

The January change in steel imports based on metric tonnage reflected increases in blooms, billets, and slabs. Decreases occurred in plates cut lengths, line pipe, and plates in coils. Increases occurred primarily with Brazil. Decreases occurred primarily with the Netherlands, Germany, and Argentina.

The year to date final statistics through December 2019 showed steel imports of 25.3 million metric tons compared with 30.6 million metric tons through December 2018. The largest commodity decreases occurred primarily in blooms, billets and slabs. Increases occurred primarily in black plate, tin free steel, and steel piling. The largest country decreases occurred primarily with Russia. Increases occurred primarily with Spain, Ukraine, and South Africa.

The February report is scheduled for release on March 24, 2020. View the full schedule at: <www.census.gov/foreign-trade/reference/release_schedule.html> The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_index.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
