

FOR RELEASE AT 10:00 AM EST, TUESDAY, NOVEMBER 24, 2020

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, October 2020

Release Number: CB 20-178 FT-900A (20-10)

November 24, 2020 — The U.S. Census Bureau announced today that preliminary October steel imports were \$1.2 billion (1.4 million metric tons) compared to the preliminary September totals of \$1.1 billion (1.1 million metric tons).

The October change in steel imports based on metric tonnage reflected increases in blooms, billets, and slabs; reinforcing bars; and cold rolled sheets. Decreases occurred in sheets and strips; hot rolled sheets; and tin plates. Increases occurred primarily with Mexico. Decreases occurred primarily with Taiwan, South Africa, and United Kingdom.

The year to date final statistics through September 2020 showed steel imports of 16.1 million metric tons compared with 20.5 million metric tons through September 2019. The largest commodity decrease occurred primarily in oil country goods. Increases occurred primarily in tin free steel, used rails, and light shaped bars. The largest country decreases occurred with Russia. Increases occurred primarily with Turkey, Brazil, and Singapore.

The November report is scheduled for release on December 23, 2020. View the full schedule at: <www.census.gov/foreign-trade/reference/release_schedule.html> The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_index.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
