

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, February 2021

Release Number: CB 21-44 FT-900A (21-02)

March 25, 2021 — The U.S. Census Bureau announced today that preliminary February steel imports were \$1.6 billion (1.7 million metric tons) compared to the preliminary January totals of \$1.6 billion (2.2 million metric tons).

The February change in steel imports based on metric tonnage reflected decreases in blooms, billets, and slabs. Increases occurred in hot rolled sheets, cold rolled sheets, and tin plate. Decreases occurred primarily with Brazil. Increases occurred primarily with Germany, Netherlands, and the United Kingdom.

The year to date final statistics through January 2021 showed steel imports of 2.2 million metric tons compared with 2.9 million metric tons through January 2020. The largest commodity decrease occurred primarily in blooms, billets, and slabs. Increases occurred primarily in structural pipe and tube; heavy structural shapes; and hot rolled strip. The largest country decreases occurred with Brazil. Increases occurred primarily with Turkey, Italy, and France.

The March report is scheduled for release on April 23, 2021. View the full schedule at: www.census.gov/foreign-trade/reference/release_schedule.html The full text and tables for this release can be found at www.census.gov/foreign-trade/Press-Release/steel_index.html.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at www.census.gov/trade. On the website, you can access product by country and country by product tables.

NOTE: Data shown reflect imports of steel products from all countries included in the monitored steel categories, regardless of whether the product or country is subject to the safeguard measures. See the cover report specifically explaining the current month's preliminary steel imports trade data or www.census.gov/foreign-trade/Press-Release/steel_index.html.

Not Seasonally Adjusted

Exhibit 6. U.S. Imports For Consumption of Monitored Steel Products from Selected Countries

Quantity in metric tons/value in thousands of dollars. (-) Represents zero or less than one half of measurement shown. Details may not equal totals due to rounding.
