

FOR RELEASE AT 10:00 AM EDT, FRIDAY, APRIL 23, 2021

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, March 2021

Release Number: CB 21-63 FT-900A (21-03)

April 23, 2021 — The U.S. Census Bureau announced today that preliminary March steel imports were \$2.0 billion (2.1 million metric tons) compared to the preliminary February totals of \$1.6 billion (1.7 million metric tons).

The March change in steel imports based on metric tonnage reflected increases in sheets and hot dipped galvanized strip; sheets and strip; and reinforcing bars. Decreases occurred in hot rolled sheets, heavy structural shapes, and line pipe. Increases occurred primarily with Canada. Decreases occurred primarily with Brazil, Turkey, and Sweden.

The year to date final statistics through February 2021 showed steel imports of 3.9 million metric tons compared with 4.2 million metric tons through February 2020. The largest commodity decrease occurred primarily in sheets and hot dipped galvanized strip. Increases occurred primarily in hot rolled sheets; structural pipe and tube; and tin free steel. The largest country decreases occurred with Brazil. Increases occurred primarily with Turkey, United Kingdom, and Korea.

The April report is scheduled for release on May 26, 2021. View the full schedule at: <www.census.gov/foreign-trade/reference/release_schedule.html> The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_index.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
