

FOR RELEASE AT 10:00 AM EDT, TUESDAY, AUGUST 24, 2021

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, July 2021

Release Number: CB 21-132 FT-900A (21-07)

August 24, 2021 — The U.S. Census Bureau announced today that preliminary July steel imports were \$3.1 billion (2.7 million metric tons) compared to the preliminary June totals of \$2.8 billion (2.6 million metric tons).

The July change in steel imports based on metric tonnage reflected increases in blooms, billets, and slabs. Decreases occurred in hot rolled sheets, line pipe, and reinforcing bars. Increases occurred primarily with Brazil. Decreases occurred primarily with Japan and Turkey.

The year to date final statistics through June 2021 showed steel imports of 13.4 million metric tons compared with 11.3 million metric tons through June 2020. The largest commodity increase occurred primarily in blooms, billets, and slabs. Decreases occurred primarily in oil country goods, line pipe, and standard pipe. The largest country increase occurred with Canada. Decreases occurred primarily with Australia, Spain, and Thailand.

The August report is scheduled for release on September 24, 2021. View the full schedule at: <www.census.gov/foreign-trade/reference/release_schedule.html> The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_index.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
