

FOR RELEASE AT 10:00 AM EDT, TUESDAY, OCTOBER 26, 2021

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, SEPTEMBER 2021

Release Number: CB 21-168 FT-900A (21-09)

October 26, 2021 — The U.S. Census Bureau announced today that preliminary September steel imports were \$3.5 billion (2.9 million metric tons) compared to the preliminary August totals of \$3.0 billion (2.5 million metric tons).

The September change in steel imports based on metric tonnage reflected increases in oil country goods. Decreases occurred in hot dipped galvanized sheets and strip; mechanical tubing; and cold finished bars. Increases occurred primarily with Korea. Decreases occurred primarily with Russia, Spain, and Taiwan.

The year to date final statistics through August 2021 showed steel imports of 18.7 million metric tons compared with 14.9 million metric tons through August 2020. The largest commodity increase occurred with blooms, billets, and slabs. Decreases occurred primarily in line pipe, standard pipe, and used rail. The largest country increase occurred with Canada. Decreases occurred primarily with Brazil, Spain, and Australia.

The October report is scheduled for release on November 24, 2021. View the full schedule at: www.census.gov/foreign-trade/reference/release_schedule.html The full text and tables for this release can be found at www.census.gov/foreign-trade/Press-Release/steel_index.html.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at www.census.gov/trade. On the website, you can access product by country and country by product tables.
