

FOR RELEASE AT 10:00 AM EST, WEDNESDAY, NOVEMBER 24, 2021

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, OCTOBER 2021

Release Number: CB 21-185 FT-900A (21-10)

November 24, 2021 — The U.S. Census Bureau announced today that preliminary October steel imports were \$3.2 billion (2.5 million metric tons) compared to the preliminary September totals of \$3.5 billion (2.9 million metric tons).

The October change in steel imports based on metric tonnage reflected decreases in blooms, billets, and slabs. Increases occurred in hot rolled sheets; hot dipped galvanized sheets and strip; and structural pipe and tube. Decreases occurred primarily with Brazil. Increases occurred primarily with Mexico, Turkey, and South Africa.

The year to date final statistics through September 2021 showed steel imports of 21.6 million metric tons compared with 16.1 million metric tons through September 2020. The largest commodity increase occurred with blooms, billets, and slabs. Decreases occurred primarily in line pipe, standard pipe, and used rail. The largest country increase occurred with Canada. Decreases occurred primarily with Spain, Brazil, and Australia.

The November report is scheduled for release on December 28, 2021. View the full schedule at: www.census.gov/foreign-trade/reference/release_schedule.html The full text and tables for this release can be found at www.census.gov/foreign-trade/Press-Release/steel_index.html.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicates the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at www.census.gov/trade. On the website, you can access product by country and country by product tables.
