

## PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS, APRIL 2023

Release Number: CB 23-80 FT-900A (23-04)

**May 25, 2023** — The U.S. Census Bureau announced today that preliminary April steel imports were \$3.2 billion (2.2 million metric tons) compared to the preliminary March totals of \$3.2 billion (2.4 million metric tons).

The April change in steel imports based on metric tonnage reflected a decrease in blooms, billets, and slabs. Increases occurred in reinforcing bars, heavy structural shapes, and standard rails. Decreases occurred primarily with Brazil. Increases occurred primarily with Italy, Netherlands, and Germany.

The year to date final statistics through March 2023 showed steel imports of 6.8 million metric tons compared with 7.7 million metric tons through March 2022. The largest commodity decreases occurred primarily in hot dipped galvanized sheets and strip. Increases occurred with oil country goods. The largest country decreases occurred primarily with Mexico. Increases occurred with Brazil.

The May report is scheduled for release on June 26, 2023. View the full schedule at: <[www.census.gov/foreign-trade/reference/release\\_schedule.html](http://www.census.gov/foreign-trade/reference/release_schedule.html)> The full text and tables for this release can be found at <[www.census.gov/foreign-trade/Press-Release/steel\\_prelim.html](http://www.census.gov/foreign-trade/Press-Release/steel_prelim.html)>.

### EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicate the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <[www.census.gov/trade](http://www.census.gov/trade)>. On the website, you can access product by country and country by product tables.
