

## PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS OCTOBER 2023

Release Number: CB 23-198 FT-900A (23-10)

**November 27, 2023** — The U.S. Census Bureau announced today that preliminary October steel imports were \$2.7 billion (2.0 million metric tons) compared to the preliminary September totals of \$2.4 billion (2.0 million metric tons).

The October change in steel imports based on metric tonnage reflected a decrease in blooms, billets, and slabs. Increases occurred in wire rods, oil country goods, and tin plate. Decreases occurred primarily with Brazil. Increases occurred primarily with Germany, Japan, and Argentina.

The year to date final statistics through September 2023 showed steel imports of 19.8 million metric tons compared with 22.0 million metric tons through September 2022. The largest commodity decreases occurred primarily in wire rods. Increases occurred with blooms, billets, and slabs.

The largest country decreases occurred primarily with Mexico. Increases occurred with Brazil.

The November report is scheduled for release on December 28, 2023. View the full schedule at: [www.census.gov/foreign-trade/reference/release\\_schedule.html](https://www.census.gov/foreign-trade/reference/release_schedule.html). The full text and tables for this release can be found at [www.census.gov/foreign-trade/Press-Release/steel\\_prelim.html](https://www.census.gov/foreign-trade/Press-Release/steel_prelim.html).

### EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicate the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at [www.census.gov/trade](https://www.census.gov/trade). On the website, you can access product by country and country by product tables.
