

## PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS FEBRUARY 2024

Release Number: CB24-52 FT-900A (24-02)

**MARCH 26, 2024** — The U.S. Census Bureau announced today that preliminary February steel imports were \$2.6 billion (2.2 million metric tons) compared to the preliminary January totals of \$2.9 billion (2.3 million metric tons).

The February change in steel imports based on metric tonnage reflected a decrease in plates in coils, hot rolled sheets, hot rolled bars. Increases occurred in blooms, billets, and slabs. Decreases occurred primarily with Canada. Increases occurred primarily with Brazil and Thailand.

The year-to-date final statistics through January 2024 showed steel imports of 2.3 million metric tons compared with 2.4 million metric tons through January 2023. The largest commodity decreases occurred primarily in oil country goods. Increases occurred with hot rolled sheets, all other metal coated sheets and strips, and line pipe. The largest country decreases occurred primarily with Mexico. Increases occurred with Brazil.

The March report is scheduled for release on April 23, 2024. View the full schedule at: <[www.census.gov/foreign-trade/schedule.html](http://www.census.gov/foreign-trade/schedule.html)>. The full text and tables for this release can be found at <[www.census.gov/foreign-trade/Press-Release/steel\\_prelim.html](http://www.census.gov/foreign-trade/Press-Release/steel_prelim.html)>.

### EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicate the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <[www.census.gov/trade](http://www.census.gov/trade)>. On the website, you can access product by country and country by product tables.
