

PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS JUNE 2026

Release Number: CB26-122 FT-900A (26-06)

July 27, 2026 — The U.S. Census Bureau announced today that preliminary June steel imports were \$1.9 billion (1.9 million metric tons) compared to the final May totals of \$2.0 billion (2.0 million metric tons).

The June change in steel imports based on metric tonnage reflected decreases in wire rods, standard rails, and reinforcing bars. Increases occurred in line pipe greater than 16 inches in diameter, hot rolled sheets, and blooms, billets, and slabs. Decreases occurred primarily with Brazil, Japan, and China. Increases occurred primarily with Australia, Korea, and Canada.

The year-to-date final statistics through May 2026 showed steel imports of 8.3 million metric tons compared with 11.2 million metric tons through May 2025. The largest commodity decreases occurred with blooms, billets, and slabs, oil country goods, and galvanized hot dipped sheets and strips. Increases occurred with heavy structural shapes and reinforcing bars. The largest country decreases occurred primarily with Canada, Brazil, and Mexico. Increases occurred primarily with Korea, Argentina, and India.

The July report is scheduled for release on August 27, 2026. View the full schedule

at: <www.census.gov/foreign-trade/schedule.html>. The full text and tables for this release can be found at <www.census.gov/foreign-trade/Press-Release/steel_prelim.html>.

EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicate the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <www.census.gov/trade>. On the website, you can access product by country and country by product tables.
