LETTER OF TRANSMITTAL

DEPARTMENT OF COMMERCE,
BUREAU OF THE CENSUS,
Washington, D. C., November 15, 1939.

SIR: I transmit herewith the report on the Census of Street Railways, Trolley-bus, and Motorbus Operations for 1937. This report includes statistics for all street railways, and for motorbus and trolley-bus lines operated by street railway or by affiliated, subsidiary, or successor companies; also for other motorbus lines engaged in local transit service in cities having 100,000 inhabitants or more.

The Census of Electrical Industries has been taken at 5-year intervals beginning with the year 1902, under provisions of the acts of Congress approved March 6, 1902, and June 7, 1906.

The collection of the statistics and the preparation of the text were under the supervision of Thomas J. Fitzgerald, Chief Statistician for Manufactures, and Howard H. McClure, Assistant Chief Statistician for Manufactures, assisted by John A. McKnight and Cyril M. Wildes.

Respectfully,

WILLIAM LANE AUSTIN,
Director of the Census.

Hon. HARRY L. HOPKINS,
Secretary of Commerce.

CONTENTS

INTRODUCTION AND GENERAL EXPLANATIONS

	Page
Classes of transportation systems covered by this report.....	1
Cooperation with Interstate Commerce Commission.....	1
Area covered.....	1
Period covered.....	1
Types of roads classified by motive power.....	1
Auxiliary operations of street-railway, motorbus, and trolley-bus systems covered by this report.....	2
Classification of companies as operating and lessor.....	2
Holding companies.....	2
Classification of the data.....	2
Part-year operations.....	2
Number of companies.....	2
Classification of subject matter presented in the tables.....	3
1. Special tables.....	3
2. Street railways.—Section I:	
(a) Growth and decline of street railways.....	3
(b) Track.....	3
(c) Rolling stock.....	3
(d) Traffic.....	3
(e) Financial operations.....	3
(f) Employees, salaries, and wages.....	3
3. Trolley-bus operations.—Section II:	
(a) Growth of the trolley-bus industry.....	3
(b) Equipment.....	3
(c) Traffic.....	4
(d) Financial operations.....	4
(e) Employees, salaries, and wages.....	4
4. Motorbus operations.—Section III:	
(a) Growth of the motorbus industry.....	4
(b) Equipment.....	4
(c) Traffic.....	4
(d) Financial operations.....	4
(e) Employees, salaries, and wages.....	4

TABLES

I. Financial statistics, operating and nonoperating and lessor street railways, trolley-bus and motorbus lines: 1937.....	5
II. Employees, salaries, and wages—Street railways, trolley-bus and motorbus lines: 1937 and 1932.....	6

STREET RAILWAYS—SECTION I

1. Summary—Street railways: 1912 to 1937.....	8
2. Principal statistics—Street railways: 1937, 1932, and 1927.....	9
3. Principal statistics—Operating street-railway companies, by character of organization: 1937.....	11
4. Principal statistics—Operating street-railway companies, by class of operation: 1937.....	12
5. Principal statistics—Operating street-railway companies, by income from railway operating revenue: 1937.....	14
6. Principal statistics—Operating street-railway companies, by location and character of operation: 1937.....	15
7. Operating street railways, classified by type of operation: 1937.....	16
8. Principal statistics—Operating street-railway companies, by population areas: 1937.....	20
9. Track mileage, by ownership and location, and by income from street-railway operating revenues: 1937, 1932, and 1927.....	21
10. Number of operating street-railway companies and line mileage operated, according to miles of line per company: 1912 to 1937.....	22
11. Elevated and subway and tunnel trackage of street-railway companies—miles of single track, by States: 1917 to 1937.....	22
12. Track mileage of street-railway companies, by ownership and by type of track, by geographic divisions: 1937, 1932, and 1927.....	23
13. Total trackage and trackage operated inside and outside each State by street-railway companies operating in more than one State: 1937.....	24
14. Track operated by street-railway companies, by class of service, and by type of construction, by geographic divisions: 1937, 1932, and 1927.....	26
15. First main track operated by street-railway companies, by motive power, and by ownership, for the United States, and by motive power for geographic divisions: 1937.....	26
16. Track operated by street-railway companies, by ownership, by divisions and States: 1937.....	27
17. Summary—Rolling stock of street-railway companies: 1937, 1932, and 1927.....	28
18. Passenger cars of street-railway companies, by type of construction, and brake equipment: 1937.....	28
19. Number of street railway cars, by type of service, and number of electric locomotives, for the United States, 1937, 1932, and 1927, and by divisions and States, 1937.....	29

	Page
20. Rolling stock of street-railway companies—Detailed statistics for cars and electric locomotives, by divisions and States: 1937.....	30
21. Street railways—Track operated, passenger traffic, car mileage, and car-hours, for the United States, 1937, 1932, and 1927, and by divisions and States, 1937.....	32
22. Street railways—Operating income account—elevated and subway and surface groups of companies: 1937, 1932, and 1927.....	35
23. Street railways—Operating revenues, by source, for companies classified by income groups: 1937, 1932, and 1927.....	36
24. Street railways—Operating revenues, by source, for the United States, 1937, 1932, and 1927, and by divisions and States, 1937.....	37
25. Electric energy used by operating street railways, by divisions and States: 1937.....	39
26. Street railways—Operating expenses, by divisions and States: 1937.....	40
27. Operating street railways—Income account for the United States, 1937, 1932, and 1927, and by divisions and States, 1937.....	44
28. Street railways—Employees, salaries, and wages, by occupational classes, for the United States, 1937, 1932, and 1927, and by divisions and States, 1937.....	48
29. Nonoperating and lessor street-railway companies—Number and condensed income account: 1937, 1932, and 1927.....	50
30. Nonoperating and lessor street-railway companies—Track, income account, and assets and liabilities, by States: 1937.....	50
TROLLEY-BUS OPERATIONS—SECTION II	
1. Summary—Trolley-bus operations: 1937 and 1932.....	54
2. Trolley-bus operations of street-railway company affiliates, subsidiaries, and successors, by type of operation: 1937.....	55
3. Principal statistics—Trolley-bus operations in cities with population of 100,000 inhabitants and over, 1937.....	58
MOTORBUS OPERATIONS—SECTION III	
1. Summary—Motorbus operations: 1922 to 1937.....	60
2. Motorbus operations of street-railway companies, and their affiliates, subsidiaries, and successors, and other short-haul lines having terminals in cities with population of 100,000 inhabitants and over, by type of operation: 1937.....	61
3. Principal statistics for motorbus operations, according to population areas, and according to relation to interstate street railways: 1937.....	66
4. Principal statistics for motorbus operations, by character of organization: 1937.....	68
5. Principal statistics for motorbus operations, by class of operation: 1937.....	70
6. Motorbus passenger traffic, equipment, mileage, and hours, by divisions and States: 1937.....	72
7. Employees, salaries, and wages of motorbus lines, by occupational classes, by divisions and States: 1937.....	74
8. Income statement for motorbus lines, by divisions and States: 1937.....	76
9. Operating expenses for motorbus lines, by divisions and States: 1937.....	78
10. Operating revenues for motorbus lines, by divisions and States: 1937.....	82
APPENDIX	
Schedule used in securing data for street railways, operating companies: 1937.....	84
Schedule used in securing data for street railways, nonoperating and lessor companies: 1937.....	88
