Back to School: 2011-2012

By August, summertime will be winding down and vacations will be coming to an end, signaling that back-to-school time is near. It’s a time that many children eagerly anticipate — catching up with old friends and making new ones, and settling into a new daily routine. Parents and children alike scan the newspapers and websites looking for sales to shop for a multitude of school supplies and the latest clothing fads and essentials. This edition of Facts for Features highlights the many statistics associated with the return to classrooms by our nation’s students and teachers.

Back-to-School Shopping

$7.4 billion
The amount of money spent at family clothing stores in August 2010. Only in November and December were sales significantly higher. Similarly, sales at bookstores in August 2010 totaled $2.2 billion, an amount approached in 2010 only by sales in January.

Students

77 million
The number of children and adults enrolled in school throughout the country in October 2009 — from nursery school to college. They comprised 27 percent of the entire population age 3 and older.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 1
Pre-K through 12 Enrollment

52%
Percentage of 3- and 4-year-olds enrolled in school in October 2009.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 1

74%
Percentage of children 3 to 6 enrolled in kindergarten who attended all day, as of October 2009.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 3

55.5 million
The projected number of students to be enrolled in the nation’s elementary through high schools (pre-kindergarten - 12th grade) this fall.

11%
Projected percentage of elementary through high school students (pre-kindergarten - 12th grade) enrolled in private schools this fall.

43%
Percentage of elementary through high school students who belonged to a minority population as of October 2009.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 1

23%
Percentage of elementary through high school students who had at least one foreign-born parent in October 2009.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 1

Nearly 80%
Percentage of students ages 12 to 17 who were academically on-track in 2006, up 8 percentage points from 1998. The odds of being on-track were 48 percent higher for these students if they
were in a gifted class and 34 percent higher if they had never been suspended or expelled from school. (Students were considered to be academically on-track if they were enrolled in school at or above the grade level appropriate for their age.)

52%
Percentage of 12- to 17-year-olds who were highly engaged in school (children reported as liking school, being interested in school and working hard in school) in 2006, up 5 percentage points from 1998. For 6- to 11-year-olds, the respective increase was from 56 percent to 59 percent.

Languages

11.2 million
Number of school-age children (5 to 17) who spoke a language other than English at home in 2009; 8 million of these children spoke Spanish at home.

Source: U.S. Census Bureau, 2009 American Community Survey <http://factfinder.census.gov/>, Table B16004

Lunchtime

31.3 million
Average number of children participating each month in the National School Lunch Program in 2009.

9.21 billion
The nation’s total apple production, in pounds, in 2010. The chances are good that the apples your children present to their teachers or enjoy for lunch were grown in Washington state, which accounted for more than half of the nation’s total production.

College

19.7 million
The projected number of students enrolled in the nation’s colleges and universities this fall. This is up from 14.4 million 20 years ago.

16%
Percentage of all college students 35 and older in October 2009. They made up 37 percent of those attending school part time.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 5

50%
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 2

56%
Percentage of college students who were women in October 2009.
Source: U.S. Census Bureau, School Enrollment – Social and Economic Characteristics of Students: October 2009, Table 5

How Many Schools?

98,706
Number of public schools in 2008-09. In 2007-08, there were 33,740 private schools.
Source: U.S. National Center for Education Statistics,
<http://nces.ed.gov/programs/digest/d10/tables/dt10_005.asp>

4,409
Number of degree-granting institutions of higher education in 2008-2009.
Source: U.S. National Center for Education Statistics,
<http://nces.ed.gov/programs/digest/d10/tables/dt10_005.asp>

4,694
The number of public charter schools nationwide in 2008-09. These schools, exempt from selected state and local rules and regulations, enrolled 1,433,116 students.
Source: U.S. National Center for Education Statistics,

Teachers and Other School Personnel

7.2 million
Number of teachers in the United States in 2009. Almost 3 million taught at the elementary and middle school level. The remainder included those teaching at the postsecondary, secondary, preschool, kindergarten levels, special education and other teachers or instructors.
$65,800

$16.44

Technology

14.2 million
Number of computers available for classroom use in the nation’s schools as of the 2005-2006 school year. That works out to one computer for every four students. Source: Market Data Retrieval as cited in the Statistical Abstract of the United States: 2010, Table 259 <http://www.census.gov/compendia/statab/>

Rising Cost of College

$15,876
Average tuition, room and board (for in-state students) at the nation’s four-year public colleges and universities for an academic year (2008-09). That was more than double the cost in 1990. Source: U.S. National Center for Education Statistics as cited in the Statistical Abstract of the United States: 2011, Table 289 <http://www.census.gov/compendia/statab/>

$40,633
Average tuition, room and board at the nation’s four-year private colleges and universities for one academic year (2008-09). That also was more than double the cost in 1990. Source: U.S. National Center for Education Statistics as cited in the Statistical Abstract of the United States: 2011, Table 289 <http://www.census.gov/compendia/statab/>
Rewards of Staying in School

$83,144
Average annual 2008 earnings of workers 18 and older with an advanced degree. This compares with $21,023 for those without a high school diploma. In addition, those with a bachelor’s degree earned an average of $58,613 in 2008, while those with a high school diploma earned $31,283.

$85,417
Average starting salary offered to bachelor’s degree candidates in petroleum engineering in 2009, among the highest of any field of study. At the other end of the spectrum were those majoring in a social science, who were offered an average of $36,217.

Graduation

3.2 million
Projected number of high school diplomas that will be awarded in the 2011-12 school year.

3.4 million
Number of college degrees expected to be conferred in the 2011-12 school year.

Government Spending on Public Education

$10,499
The per-pupil expenditure on public elementary and secondary education nationally in 2009. New York ($18,126) spent the most among states or state equivalents, followed by the District of Columbia ($16,408), New Jersey ($16,271) and Alaska ($15,552). Utah ($6,356) spent the least per student, followed by Idaho ($7,092) and Arizona ($7,813).
Parental Involvement

89%
Among K-12 students, the percentage with a parent or other household member who attended a general school or PTO/PTA meeting during the 2006-07 school year. Additionally, 65 percent had such a relative who participated in school fundraising and 46 percent who volunteered to serve on a school committee.

Following is a list of observances typically covered by the Census Bureau’s Facts for Features series:

- African-American History Month (February)
- Super Bowl
- Valentine’s Day (Feb. 14)
- Women’s History Month (March)
- Irish-American Heritage Month (March)/St. Patrick’s Day (March 17)
- Asian/Pacific American Heritage Month (May)
- Older Americans Month (May)
- Cinco de Mayo (May 5)
- Mother’s Day
- Father’s Day
- The Fourth of July (July 4)
- Anniversary of Americans with Disabilities Act (July 26)
- Back to School (August)
- Labor Day
- Grandparents Day
- Hispanic Heritage Month (Sept. 15-Oct. 15)
- Unmarried and Single Americans Week
- Halloween (Oct. 31)
- American Indian/Alaska Native Heritage Month (November)
- Veterans Day (Nov. 11)
- Thanksgiving Day
- The Holiday Season (December)

Editor’s note: The preceding data were collected from a variety of sources and may be subject to sampling variability and other sources of error. Facts for Features are customarily released about two months before an observance in order to accommodate magazine production timelines. Questions or comments should be directed to the Census Bureau’s Public Information Office: telephone: 301-763-3030; fax: 301-763-3762; or e-mail: <pio@census.gov>.
