

Expenses Seasonal Adjustment Table Changes

Intention to Expand Seasonal Adjustment

Beginning with the March 2023 release for the fourth quarter of 2022, we anticipate the introduction of new seasonally adjusted estimates of expenses for selected industries within NAICS sectors 62, 71, and 81 into the Full Quarterly Services Report.

Please note that some press release tables will be renumbered; we have included an overview of tables and descriptions below. Proposed table shells are available at
